Job Title: BIM Coordinator (Revit)
Location: Washington, DC / Remote
Company: Cornerstone Mechanical Solution Inc.
Job Type: Full-Time

About Us:

Cornerstone Mechanical Solution Inc. is a leading HVAC service provider in the Washington, DC area, committed to delivering high-quality heating, ventilation, and air conditioning solutions to residential and commercial clients. With years of experience and a commitment to excellence, we take pride in our work and value the development of our team members. We are looking to expand our team with a skilled BIM Coordinator.

Position Overview:

We are looking for a BIM Coordinator skilled in Autodesk Revit to join our team. You will build and maintain detailed 3D models of HVAC, plumbing, and mechanical systems, coordinate with architects, engineers, and other trades to find and resolve clashes, and produce accurate shop drawings that keep our projects on schedule.

Key Responsibilities:

- Create and maintain 3D Revit models of HVAC, plumbing, and mechanical systems.
- Coordinate models with architects, engineers, and other trades.
- Identify and resolve clashes before installation.
- Produce accurate shop drawings for our field teams.
- Keep models updated as designs and site conditions change.
- Participate in ongoing learning and development opportunities to enhance your skills.

Qualifications:

- Experience with Autodesk Revit (required).
- Understanding of HVAC, plumbing, or mechanical systems.
- Experience with Navisworks and MEP coordination (preferred).
- Good problem-solving skills and attention to detail.
- Must be able to work independently or as part of a team.
- Strong communication skills and a positive attitude.
